Civic Center Soundtrack

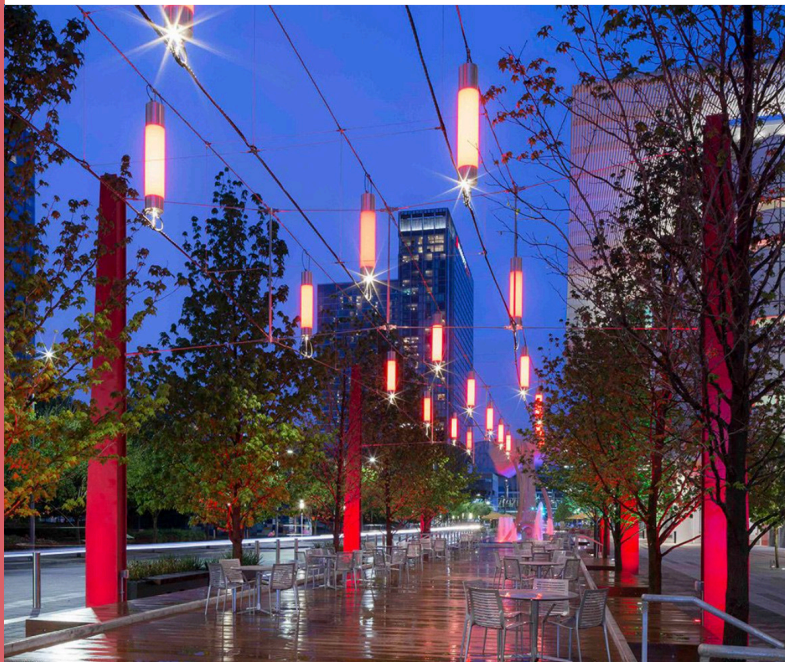

The inspiration for Civic Center Soundtrack was born during the pandemic, as a way to bring positive activity to UN Plaza while live performances and audiences were prohibited. The installation of quality sound equipment allows for music to be played throughout the day and into the evening, in any kind of weather. Recorded music from participating performing arts organizations will be featured, lifting the spirits of those passing through UN Plaza and reminding all that they are in San Francisco's premier arts and culture district.

Grove Street Lighting Project

The three-block stretch of Grove Street, from Market to Van Ness, is the main pedestrian corridor connecting public transit to numerous Civic Center cultural and performance venues.

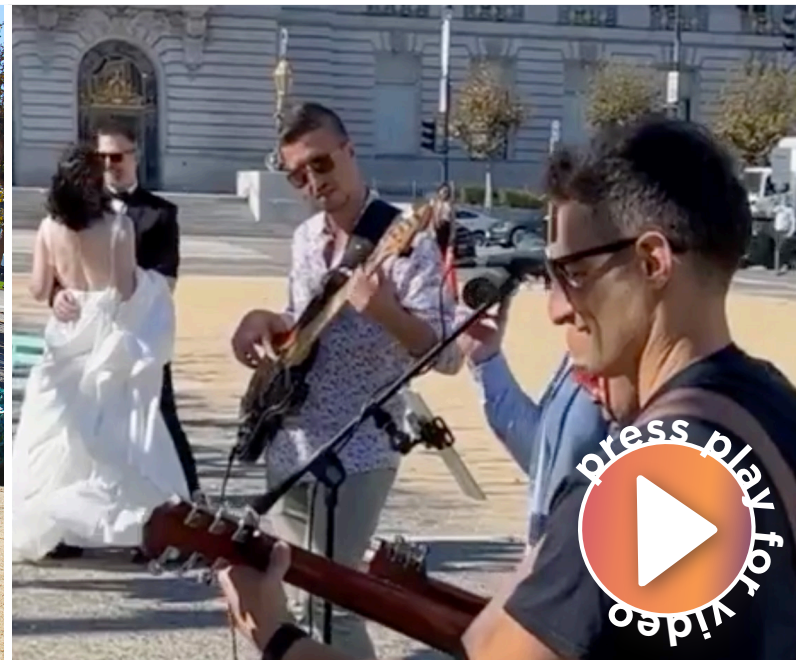

Support this collaborative effort to improve the lighting levels along Grove Street, enhancing neighborhood safety and beauty.
